SARAH NETBURN, United States Magistrate Judge:

On April 28, 2022, the parties jointly proposed participating in a settlement conference within 60 days. In light of that representation, Judge Failla declined to enter a case management plan. See ECF No. 20. On May 2, 2022, the Court issued an order directing the parties to schedule a conference but they have not done so yet. Accordingly, by May 27, 2022, the parties shall contact this Court to schedule a conference as directed. If they fail to do so, the Court will recommend to Judge Failla that she set a case management schedule.

SO ORDERED.
